## PROJECTS

Aug 2023

### Face Recogniser

A fine app that recognizes the faces in the picture i used clarifai API to recognize the face with this project you can see my skills in react JS ,javascript, html ,css node js , express js,postgresql and it's a complete full stack app. you can feel so good...

July 2023

### Shopper app

It's a basic project with which you can remember the things to shop.And it will enable us to marking done once the project was purchased .once again cool app simply developed with html, css and javascript only.....
